

**REMARKS**

1. Claims 8-15, 17-18 and 20-21 are pending in this application, claims -7, 16 and 19 have been cancelled, claims 1-5 have been withdrawn. A one month extension of time and appropriate fee are enclosed with this amendment.

2. The election of the invention II, claims 6-21 made on 1/3/2005 is affirmed. Via this amendment, claims 1-5 have been withdrawn from further reconsideration without traverse.

3. Defective oath or declaration objection made in the office action on page 3, paragraph 2 per the telephone discussion the undersigned had with the Examiner on 5/5/2005, has been removed given as discussed there is no requirement to claim the benefit of a domestic provisional application in the oath or declaration.

4. Claims 8 and 20-21 were objected to for a number of informalities. These claims have been amended in view of the Examiner's constructive comments, and as amended are believed to be in condition to overcome the noted objections.

5. An Information Disclosure Statement, along with a copy of the IEEE 802.15.1 standard document, is attached hereto as requested.

6. Allowable subject matter. Claims 8, 14-15, 18 and 21 were objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form and include any intervening claims. Claim 8 has been amended to be in independent claim form. Dependent claims 9-13 have been amended to depend on claim 8. Claim 17 has been amended to depend on amended independent claim 18, and claim 20 has been amended to depend on amended independent claim 21. Claims 8-15, 17-18 and 20-21 are therefore believed to be in condition for allowance.

Applicant respectfully submits that the present application is in condition for allowance. If the Examiner has any questions or comments or otherwise feels it
